Trustworthy AI Lab x GES at UCLA Hackathon

GenAI for Data Collaboration

The 2024 Hackathon is dedicated to pioneering Generative AI for Data Collaboration – an innovative approach to redefine data privacy and protection. Let's design and implement robust Generative AI solutions set to revolutionize the way data is shared within digital ecosystems.

⏰ May 29 - June 28

5/29	Prompt Release
6/16	Registration Deadline
6/21	1st Round Submission
6/27	2nd Round Submission
6/28	Judging Day

🏅 Prize Pool

1st Place	**$700**
2nd Place	**$500**
3rd Place	**$300**

Bonus: Summer Lab Internship

The Trustworthy AI Lab at UCLA envisions AI 2.0 driven by trustworthiness and built upon generative data. The lab is continuously sponsored by industry and government funds such as National Science Foundation, Meta, JP Morgan Chase and Amazon.

Register Now!

Professor Guang Cheng
Director of Trustworthy AI Lab, UCLA

Dr. Chi-hua Wang
Postdoc at the Trustworthy AI Lab, UCLA

Mr. Minrui Gui
PhD student at the Trustworthy AI Lab, UCLA

Mr. Harry Xu
Machine Learning Engineer, Snap

Mr. Ken Lu
Chief Cloud System Architect, Intel

Mr. Shaoqing Yuan
Senior Applied Scientist, Amazon
