

USC University of
Southern California

Be Part of a Socially Assistive Robotics Research Study!

USC IRB APP-25-00599

Who is Eligible?

- USC students who are 18 years of age or older with corrected-to-normal hearing and vision

Who is Ineligible?

- USC students under 18 years old

Compensation:

\$12 Amazon gift card

Principal Investigator:

Prof. Maja Matarić

Study Contact:

Misha Fu (misha.fu@usc.edu)

USC researchers are recruiting volunteer participants for a study on socially assistive robots (SARs). Participation in the study is voluntary.

What will you be asked to do?

- Complete a **pre-test survey**
- Interact with a **robot connected to a web app** on a laptop for **15 minutes**
- Follow up with a **post-test survey** and a **semi-structured interview**

If you are interested in participating, you can sign up at the following:
