BETA RHO CHI

USC'S PREMIER BIOTECHNOLOGY AND PHARMACEUTICAL PROFESSIONAL HONOR SOCIETY

WHO ARE WE?

Beta Rho Chi (BPX) is USC's first organization dedicated to providing a tight-knit, professional space for undergraduates interested in the biotechnology and pharmaceutical industries. Our goal is to create a thriving community of researchers, innovators, and leaders who will help advance these industries. Our work revolves around three pillars: Cultivation, Connection, and Progression. Through these pillars, we aim to expand our members' networks and knowledge, promote academic excellence, and foster a supportive community. As an interdisciplinary organization, we encourage students of all majors and backgrounds to apply!
